President's Report

Aloha PMI Honolulu Hawaii Chapter Members,

2018 has been a fantastic year for us! We are celebrating our 20th year as a chapter and hosted the 2018 Region 7 Summit with leaders from 17 other chapters coming to our event back in March. Our programming has been fantastic this year with monthly breakfast, lunches and pau hana events. Erin Gonzalez, our Programs Director has introduced our Advanced Topic Series this year and this been a big hit. Ben Yuan, our Professional Development Director has successfully executed the PMP Exam prep class preparing students to take the new exam. Dr. Joslyn Sato, our Academic Outreach Director was a speaker at the 2018 Kamehameha Schools Education Tech Conference introducing project based learning to teachers across the state. Our Special Projects Director Gaby Noriega was only 1 of 2 members of Region 7 selected for the PMI Leadership Institute Master Class (LIMC). We are so excited for Gaby! Over the last couple of months we welcome our new Administration Director Joshua Fowler and Marketing Director Christopher Branyord to our board. I'm really looking forward to our 2018 PDD on Friday October 19 at Ko'olau Ballrooms. I hope to see you there!

Aloha
Kane Ng-Osorio
2018 PMI Honolulu, Hawaii Chapter President

Community News

PMIHNL will be at the NHOA Conference

2018 NHOA BUSINESS SUMMIT CONFERENCE

PMI Honolulu, Hawaii Chapter will be exhibiting at the Native Hawaiian Organization Association's (NHOA) 2018 Business Summit Conference on August 1 and 2, 2018. The conference begins with a pre-conference day for NHOA members on July 31. We'll be there during the regular conference on August 1 and 2 promoting our program of free training in project management concepts for non-profit organizations.

For more info, see article on our website including a link to the NHOA site.

PMI Educational Foundation

Learn about how our chapter supports PMI's program based on the core belief that project management education increases people's potential to transform lives and communities.

Building our Leaders for Tomorrow

This month our Director of Academic Outreach, Dr. Joslyn Sato, began exploring ideas of integrating project management into the Center for Tomorrow's Leaders (CTL) program. The CTL program works with 20 selected juniors and seniors from the local high schools to "engage, equip, and empower Hawaii's youth to become tomorrow's visionary leaders". Dr. Sato spent a session collaborating with Executive Director, Katie Chang, and her team to identify opportunities to integrate project management concepts, processes, and tools within their program. This is the first step to a partnership that will not only enhance the student's knowledge and skills but also build project management experience that they can use as they enter the workforce.

The Academic Outreach services of PMI Honolulu Chapter as well as the Project Management Institute Education Foundation (PMIEF) supports the development of project management for our keiki in grades K-12. Not only are project management skills useful for school projects but also become practical life skills. Our PMI Honolulu Chapter is dedicated to empower our keiki, so if you are aware of a group or class, or would like to learn more then visit PMIEF.org for free resources or contact our Academic Outreach Director at AcademicOutreach@PMIHNL.org
